# Executive Summary

## AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

### 1. Introduction

The Mobile County Commission serves as grantee and lead agency and as such is required to prepare an Action Plan for each year of the five-year planning period covered by the 2015-2019 Consolidated Plan. The Consolidated Plan includes strategies for addressing some of the identified community needs with Community Development Block Grant (CDBG) funds, HOME funds, and Emergency Solutions Grant (ESG) Funds.

This document, the Year Three Action Plan, outlines proposed activities to be undertaken with CDBG and HOME funds in PY2017 and also serves as an application for the grants. We did not receive ESG for PY2017. HUD announced the 2017 allocation on June 14, 2017. PY2017 allocations for Mobile County Consortium are \$1,362,464 in CDBG funds, \$437,574 in HOME funds. Accumulated Program income for the HOME program since January 6, 2017 to June 30, 2017 of \$422,357 is added to the HOME budget per HOME Commitment Interim Rule December 2, 2016.

The original five year 2015-2019 Consolidated Plan which was adopted on April 13, 2015 had the Consortium's program year starting on June 1st and ending on May 31st. The County requested and was granted a change in the start and end dates of the Program Year. The new program year will start July 1 and end June 30th, effective PY17. Additional information on the five year consolidated plan can be found in Section ES-05 Executive Summary of the 2015-2019 Consolidated Plan.

The County will provide requested certifications of consistency with our Consolidated Plan in a fair and impartial manner for funding applications by other entities to address community needs.

### 2. Summarize the objectives and outcomes identified in the Plan

This could be a restatement of items or a table listed elsewhere in the plan or a reference to another location. It may also contain any essential items from the housing and homeless needs assessment, the housing market analysis or the strategic plan.

See Section AP-20 Annual Goals and Objectives of this Action Plan.

The Consolidated Plan contains a range of goals, objectives, and outcomes formulated to address needs identified for homelessness, other special needs, affordable housing, non-housing community development, barriers to affordable housing, lead-based paint hazards, institutional structure, and coordination. These objectives include:

- Continue to collaborate with homeless providers to support Continuum of Care Services and HMIS System.
- Support services aimed at homeless prevention and the elimination of homelessness through rapid re-housing.

- Continue to plan, monitor and administer entitlement grant programs and ensure compliance with Federal Regulations.
- Improve the condition of housing for low-income homeowners.
- Increase development of units and affordability of housing for homeownership and rental housing opportunities.
- Increase the viability for potential homeownership and rental housing opportunities.
- Address community needs through community-based public service programs.
- Address community needs through improvements and expansion of public facilities and public infrastructure. These objectives are supported by a collection of associated strategies and performance goals. These strategies seek to work toward meeting the objectives stated, addressing the need for more affordable housing, housing rehabilitation, public facilities and infrastructure improvements, and public services. Specifics can be found in the Strategic Plan and in the Annual Action Plan.

### **3. Evaluation of past performance**

This is an evaluation of past performance that helped lead the grantee to choose its goals or projects.

The County has continued to carry out the actions and strategies outlined in its Consolidated Plan. Except for instances where federal funding programs are not available or where resources could not be procured, the County has stayed with established priorities and commitments.

Mobile County has a history of successful programs funded through the Community Development Block Grant and HOME Investment Partnership Program. Of particular importance to the health of the county have been programs that address the condition of the housing stock. The County has successfully funded construction of affordable senior and family housing. The County also operates a successful program that provides down payment and mortgage assistance to new homebuyers. The County has worked actively with local homeless services providers to expand both the stock of units/beds available to homeless persons and services aimed at helping those persons find employment, housing, health care services, and educational opportunities. Details of past performance can be found in the County's Consolidated Annual Performance and Evaluation Report (CAPER).

Over the years the County has 1) pursued all resources that it indicated it would pursue, 2) provided requested certifications of consistency with our Consolidated Plan in a fair and impartial manner for other entities to address community needs, and 3) not hindered Consolidated Plan implementation by action or willful inaction.

### **4. Summary of Citizen Participation Process and consultation process**

Summary from citizen participation section of plan.

The development process for the Consolidated Plan and Action Plan has specific citizen participation requirements which are set forth in a Citizen Participation Plan adopted by the Mobile County Commission in 2002. In the process of compiling and developing the Consolidated Plan and the Annual Action Plans numerous forms of public input were solicited.

**Consolidated Plan:** Based on the Participation Plan, outreach included public forums, focus group meetings, an on-line survey, and consultation with public and private agencies and organizations to capture public input as to the priority needs for the next five years. Three Public Forums and Stakeholder Focus Group sessions were held. Supplemental interviews were conducted and information and input received. Attendees for the Focus Groups and Public Forums were gathered through invitations sent to select resident and community leaders, organizations, industry professionals and public officials, and a public meeting notice published in the local newspaper. Topics discussed in each Public Forum and Focus Group session included general issues related to the housing market, the condition of neighborhoods, community development needs, and concerns pertaining to fair housing choice in Mobile County. The Consolidated Plan format included discussions of the communities' priority needs for the next five years. Supplemental interviews were conducted with various community, social service, professional and industry representatives to obtain information from those unable to attend the sessions.

Participants in the focus groups and public forums as well as the general public were given an opportunity to complete a Priority Needs Survey as part of the Consolidated Plan process. The survey was presented at each of the aforementioned sessions and also made available on the County's website for completion and submission online.

Consultations were held with public and private agencies, elected and appointed officials, individual stakeholders and the public. Such officials and agencies included Mayors and other Elected or Appointed City Officials, the Mobile County Commission and public service agencies.

**2017 Year Three Action Plan:** At the initial planning and development stage, a notice of a public hearing was published on November 6, 2016 in the Mobile Press-Register (which is published in Mobile County and is one of the largest newspapers in the state) and on the County's website. The public hearing was held on November 17, 2016 to solicit citizen comments on housing and community development issues and to explain the application process. Public hearing locations are fully handicapped accessible.

Due to the late enactment of HUD's full 2017 fiscal year appropriation, which significantly shortened the window available to grantees to submit an Annual Action Plan, HUD issued a waiver reducing the public comment period associated with these plans from 30 to 14 days. Therefore an advertisement was published in the Mobile Press-Register on June 18, 2017 and on the County's website that provided notice of the July 6, 2017 public hearing and the public comment period, and included a summary of the draft Action Plan. The June 18, 2017 publication established the beginning of the minimum 14-day comment period that ended on July 6, 2017. The draft Action Plan was available for review at the City Halls of all Consortium member municipalities, at various libraries located throughout the County, at the Mobile County Commission (205 Government Street), and on the County's website. After giving consideration to any citizen comments received during the comment period and at the public hearing on July 6, 2017 a finalized PY17 Action Plan was prepared and adopted at the Commission meeting held on July 10, 2017.

## **5. Summary of public comments**

This could be a brief narrative summary or reference an attached document from the Citizen Participation section of the Con Plan.

During the November 17, 2016 public hearing, general questions were asked about the types of activities that would be eligible for funding.

#### **6. Summary of comments or views not accepted and the reasons for not accepting them**

All questions asked were answered. No comments or views were received.

#### **7. Summary**

The Consolidated Plan provides a framework through which Mobile County manages its federal entitlement programs related to community development, housing, and homeless assistance. Data was provided through HUD's eCon software system, utilizing American Community Survey data and other sources, to construct the needs assessment and market analysis. The County worked with local service providers and other concerned citizens to develop the strategic plan and annual action plan, both designed to address needs within the County as identified through the public participation process and needs assessment.

#### **Summary of Citizen Participation and Comment Period for the 2017 Action Plan**

Mobile County published a notice of public hearing/comment period and a summary of the 2017 Action Plan on June 18, 2017 in the Mobile Press-Register and on the County's website. Copies of the 2017 Action Plan were available for public inspection beginning on June 19, 2017 at the following locations: Mobile County Commission, 205 Government Street. City Halls in: Bayou La Batre, Chickasaw, Citronelle, Creola, Mount Vernon, Prichard, Saraland, Satsuma, and Semmes. Public Libraries in: Chickasaw, Citronelle, Mount Vernon, Saraland, Bayou La Batre, Prichard, Semmes, Satsuma, and Mobile Main. The Plan was also available on the County's website. The 14-day comment period ended on July 6, 2017. Comments or suggestions concerning the Plan were to be submitted in writing by July 6, 2017 to Mr. John Pafenbach, County Administrator, Mobile County Commission, P.O. Box 1443, Mobile, AL 36633. A public hearing was held on July 6, 2017 at 10:00 a.m. during the Mobile County Commission meeting in the auditorium of Mobile Government Plaza located at 205 Government Street in Mobile, Alabama. After taking into consideration any comments received, the finalized 2017 Year Three Action Plan was adopted and approved for submission to HUD by the Mobile County Commission at its regular meeting on July 10, 2017.

## **AP-10 Consultation – 91.100, 91.200(b), 91.215(I)**

### **1. Introduction**

Mobile County works with a wide variety of agencies, organizations, and service providers in an effort to bring various viewpoints to bear in the identification of local housing and service needs. Ongoing relationships focused on specific needs and targeted meetings designed to bring public input into the Consolidated Plan/Action Plan process are two of the ways that the County utilizes outside organizations in the consultation process. A few of those agencies are listed below, but others were invited and/or participated that were not found in the HUD database. These agencies include: The Rape Crisis Center of Mobile; Semmes Woman’s Club; Boys and Girls Clubs of South Alabama, Inc.; the Prichard, Chickasaw, and Mobile County Housing Authorities; Habitat for Humanity of South Alabama; South Alabama Regional Planning Commission (SARPC); and the Alabama Department of Public Health.

### **Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))**

The County has ongoing relationships with several housing providers (public, nonprofit and private) working on housing development activities. The County invites developers to apply for HOME funds in conjunction with Tax Credit deals. The County also works to utilize Section 8 and other vouchers from the Federal Government to address the housing needs of the County's lowest income households. Through the Continuum of Care process, the County maintains relationships with mental health providers, homeless shelter and services providers, and other governmental agencies with specific responsibilities for homeless individuals and families. The County also participates in a variety of other coalitions that seek to address other issues that relate to housing and service needs.

### **Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.**

County staff works actively with Housing First, Inc., the lead agency for the local umbrella for the development of the City and County of Mobile/Baldwin County Continuum of Care. Staff participates in regularly scheduled meetings and point-in-time surveys. The County has provided administrative support to supplement initiatives of the local Continuum of Care serving Mobile and Baldwin Counties, and also distributes Emergency Solutions Grant funding to the various agencies that make up the membership of the Continuum of Care. The County did not receive ESG funding for PY17.

**Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS**

The County consulted with Housing First, Inc., the lead agency for the local Continuum of Care and various homeless shelter providers, regarding the 2017 allocation of ESG funds in order to address the needs of the homeless population. Staff from Mobile County participates in the development of the Continuum of Care, working with area service providers to include County resources, to the extent possible, in the provision of services to homeless individuals and families in Mobile County. However, the County did not receive ESG funding for PY17.

**Narrative (optional)**

The development of the Consolidated Plan and the component Strategic Plan and Annual Action Plans require the help of the local non-profit community and other organizations. Specific priorities are identified and ranked through that participation utilizing focus group sessions, forums, and surveys. The County relies on its ongoing relationships to ensure that these opinions and observations are incorporated into the Plans.

## **AP-12 Participation – 91.105, 91.200(c)**

### **1. Summary of citizen participation process/Efforts made to broaden citizen participation**

#### **Summarize citizen participation process and how it impacted goal-setting**

**Consolidated Plan:** Outreach included public forums, focus group meetings, an on-line survey, and consultation with public and private agencies and organizations to capture public input as to the priority needs. Three Public Forums and Stakeholder Focus Group sessions were held. Supplemental interviews were conducted and information and input received. Attendees for the Focus Groups and Public Forums were gathered through invitations sent to select resident and community leaders, organizations, industry professionals and public officials, and a public meeting notice was published in the local newspaper. Topics discussed in each Public Forum and Focus Group session included general issues related to the housing market, the condition of neighborhoods, community development needs, and concerns pertaining to fair housing choice in Mobile County. The Consolidated Plan format included discussions of the communities' priority needs for the next five years. Supplemental interviews were conducted with various community, social service, professional and industry representatives to obtain information from those unable to attend the sessions. Participants in the focus groups and public forums and the general public were given an opportunity to complete a Priority Needs Survey as part of the Consolidated Plan process. The survey was presented at each of the aforementioned sessions and also made available on the County's website for completion and submission online. Consultations were held with public and private agencies, elected and appointed local government officials, individual stakeholders and the public. Such officials and agencies included mayors and other elected or appointed city officials, members of the Mobile County Commission and public service agencies.

**2017 Year Three Action Plan:** A Notice of Public Hearing was published on November 6, 2016 in the Mobile Press-Register (which is published in Mobile County and is one of the largest newspapers in the state) and on the County's website. Public hearing locations are fully handicapped accessible.

A public hearing was held on November 17, 2016 to solicit citizen comments on housing and community development issues and to explain the application process.

An advertisement was published in the Mobile Press-Register on June 18, 2017 and on the County's website that provided notice of the July 6, 2017 public hearing and the public comment period, and included a summary of the Action Plan. Due to the late enactment of HUD's full 2017 fiscal year appropriation which has significantly shortened the window available to grantees to submit an Annual Action Plan, HUD has issued a waiver to reduce the public comment period associated with these plans from 30 to 14 days. The June 18, 2017 publication established the beginning of the minimum 14-day comment period that ended on July 6, 2017. The Action Plan was available for review at the City Halls of all

consortium member municipalities, at various libraries located throughout the County, at the Mobile County Commission (205 Government Street), and on the County’s website.

These two grant programs combined will bring resources into the county to support affordable housing, homeless, and community development programs and projects in the third program year. Additional funding for the third year will include HOME program income.

Match Requirements for the HOME Funds:

HOME funds match will be in the form of in-kind or cash contributions. If the total revenue match is larger than the required match expense, the difference will be accumulated to be used to meet match requirements when needed. In-kind or cash match will be contributed from the accumulated match.

**If appropriate, describe publically owned land or property located within the jurisdiction that may be used to address the needs identified in the plan**

None currently identified. The County will continue to evaluate opportunities to use public lands for future development.

**Discussion**

The County has programmed approximately \$2.2 million from the CDBG, HOME for the PY17. This sum includes the annual allocations and program income. These funds will be used to operate a range of private and public services as described later in the Action Plan.

### **AP-50 Geographic Distribution – 91.220(f)**

#### **Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed**

Much of the funding from the CDBG and HOME programs is available for use in any of the neighborhoods or countywide, depending on the specifics of the designated activities. Also, some funding is available according to individual benefit rather than area benefit. It is, therefore, difficult to provide reasonable projections of the distribution of funds by target area. The numbers below are strictly estimates based on experience.

#### **Geographic Distribution**

<b>Target Area</b>	<b>Percentage of Funds</b>
Countywide	40
CDBG Area Benefit	60

**Table 8 - Geographic Distribution**

#### **Rationale for the priorities for allocating investments geographically**

The proposed allocation of funds is based on federal funding requirements for each formula-allocated grant. Areas of low to moderate-income concentration and special needs/limited clientele are targeted. Areas of low homeownership and deteriorating housing conditions were also considered. The

jurisdiction does not anticipate dedicating target areas at this time.

### **Discussion**

The distribution of funds by geographic area is projected to be primarily countywide due to use of funds for administrative, non-profit support, and individual benefit-oriented programmatic uses of the funds. The remaining funds are estimated to be spread through smaller CDBG-eligible areas. See attached Low Mod Map for reference.

## **AP-60 Public Housing – 91.220(h)**

### **Introduction**

There are three housing authorities located in Mobile County's jurisdiction: Mobile County Housing Authority, Chickasaw Housing Authority, and Prichard Housing Authority. Mobile Housing Board is located in the City of Mobile jurisdiction.

### **Actions planned during the next year to address the needs to public housing**

The Mobile Housing Board (MHB) has been approved under the Rental Assistance Demonstration (RAD) program. RAD is a voluntary program authorized by the U.S. Congress and run by the U.S. Department of Housing and Urban Development (HUD) which allows selected public housing authorities the opportunity to leverage public and private equity and to convert public housing units to project-based voucher units. The Section 8 voucher funding stream from HUD has been more stable over time. This means MHB can preserve the long-term affordability of its subsidized units without increasing the rental cost to MHB residents.

RAD provides the ability to reposition traditional public housing developments into mixed income communities, moving these outdated developments from areas of isolation to modern and thriving rental development of choice.

Cottage Hill Place is the first of the RAD and Lower Income Housing Tax Credit Developments in Mobile County with development and construction underway.

The County has waived property tax for the Cottage Hill Place development in order to provide a long term viable project that will keep rents affordable for the tenants.

### **Actions to encourage public housing residents to become more involved in management and participate in homeownership**

The County provides encouragement to public housing residents to attend the Homebuyer Training Classes. These classes can become a springboard for residents to attend credit counseling, if they would like to participate in the Down Payment Assistance program but bad credit prevents them from securing a first mortgage. The County will encourage and support efforts of public housing residents to participate in credit counseling with the goal of becoming a future homeowner. The County has formed partnerships with nonprofit organizations to increase Fair Housing activities that public housing residents wish to undertake. All public housing residents have equal opportunity to benefit from housing assistance as well as public services.

### **If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance**

HUD has designated Mobile Housing Board (MHB) as troubled. The Board of MHB is appointed by the City of Mobile and is under their jurisdiction.

There are no public housing agencies in the Consortium jurisdiction designated by HUD as a troubled agency.

## **Discussion**

All three housing authorities provide services to residents with quality housing and encourage families to move to self-sufficiency

## **AP-65 Homeless and Other Special Needs Activities – 91.220(i)**

### **Introduction**

We did not receive ESG funding in PY17.

**Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including**

**Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs**

We did not receive ESG funding in PY17.

**Addressing the emergency shelter and transitional housing needs of homeless persons**

We did not receive ESG funding in PY17.

**Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again**

We did not receive ESG funding in PY17.

**Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.**

The County is funding homeless prevention legal service activities in PY2017. We did not receive ESG funds in PY2017.

### **Discussion**

We did not receive ESG funding in PY17.

## **AP-75 Barriers to affordable housing – 91.220(j)**

### **Introduction:**

As with most other local governments, available funding for affordable housing, high land costs, and the lack of low income household access to credit are factors that create barriers to affordable housing. The County works proactively to ensure diverse housing is available throughout the County and provides funds for purchase of homes or developments of housing units. However, due to cuts in funding for affordable housing at both the Federal and State level, these resources are becoming increasingly stressed. Higher land prices affect the cost of multifamily development and increase mortgage payment amounts for single family homebuyers. Another barrier to affordable housing is access to mortgage loans for low income buyers. One result of the 2008 finance crisis was the tightening of credit rules and increases in insurance premiums related to mortgage lending. The result is less households able to qualify for a mortgage loan.

**Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment**

None.

### **Discussion:**

No public policies were identified that have negative effects on affordable housing development. Mobile County does not have zoning that would limit housing development.

## **AP-85 Other Actions – 91.220(k)**

### **Introduction:**

The County currently provides a variety of services to the residents of Mobile County, some funded by CDBG, HOME, and previously with ESG allocation, with private, State, and City funding bringing additional assets to bear on these problems.

The County will provide requested certifications of consistency with our Consolidated Plan in a fair and impartial manner for funding applications by other entities to address underserved needs. Below are some of the actions currently performed by the County or under consideration for the future.

### **Actions planned to address obstacles to meeting underserved needs**

The County will continue to look for new funding sources for programs to address underserved needs. Funding is the major obstacle in providing the services needed to focus on the vast variety of issues that prevent families from breaking out of poverty and from living in the best, most affordable housing possible. The county has entered into an agreement with an agency that provides services, including housing, to recently incarcerated persons. This is an often overlooked population that faces difficulty when released from incarceration.

### **Actions planned to foster and maintain affordable housing**

The County will consider providing financial assistance for Tax Credit Projects for affordable housing development to expand elderly or multi-family rental development projects and homeownership opportunities when those projects are presented for review.

### **Actions planned to reduce lead-based paint hazards**

- Continue to meet HUD lead-based paint abatement standards in housing rehabilitation programs.
- Seek funding as it becomes available to provide testing and abatement of lead-based paint hazards in single-family housing where young children are present.
- Expand the stock of lead safe housing units through housing initiatives.
- Seek funding as it becomes available to provide for testing, abatement, training, and educational awareness.

### **Actions planned to reduce the number of poverty-level families**

The County will continue its efforts in conjunction with nonprofit service agencies to reduce the number of poverty-level families through the development of services needed to assist those families with educational opportunities, job growth, and life skills training through the various social service agencies operating in the county. Specific elements of this Action Plan will effectively reduce the number of poverty level families through the proposed activities to be undertaken with CDBG and HOME funds yearly. Housing construction projects funded through the HOME program will result in the creation of

jobs and provide affordable housing. Providing affordable housing will enable some low-income households who have carried an excessive housing cost burden to realize an increase in disposable income thus raising those households up from the poverty level. The planned infrastructure improvements will create entry-level construction jobs that will provide an economic stimulus and benefits for the low- and moderate-income neighborhoods. The County will focus on the elimination of homelessness and the impact of supportive services to low-income households to reduce the number of persons living in poverty.

### **Actions planned to develop institutional structure**

- Work with non-profit organizations to address community needs and provide support to federal and non-federal funding initiatives.
- Work with private industry to address important issues that hamper housing and community development efforts.
- Identify opportunities to create private/public partnerships for project finance and development to leverage federal funds.

### **Actions planned to enhance coordination between public and private housing and social service agencies**

The County will continue to coordinate planning activities with private housing and social service agencies. County staff will also continue its participation in other coalitions and study groups as the opportunity arises.

### **Discussion:**

The actions are primarily the continuation of what the County is currently doing in the various areas. No major obstacles in the institutional structure have been identified that need to be addressed. The County is also satisfied with its efforts to coordinate with consortium members, private housing organizations and social service agencies. The County will continue ongoing evaluation of performance and citizen engagement to ensure high quality programs and strong partnerships to enable better service to the Low and moderate citizens of the County.

## HOME Investment Partnership Program (HOME)

### Reference 24 CFR 91.220(l)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

The County will continue to support the many efforts of the non-profits and social service provider agencies in the community in their efforts to obtain funding from various sources for their programs. Many of these organizations receive private donations to sustain their programs, and most apply for funding on the federal, state, and local level.

The availability of increased federal funds would enhance any of the listed programs and would mean that more services, and housing, could be provided. Because of the scarcity of any type of funding, the County has been working with various organizations to try to develop programs that would increase the leveraging capacity of federal funding mechanisms so that more money would be available for other needed endeavors. Better utilization of the existing resources is a main concern of everyone.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

The Consortium uses the recapture provisions of 24 CFR 92.254 (a)(5)(ii)(A)(2) and (4). Recapture net of proceeds; Owner investment returned first. In the event of a voluntary or involuntary transfer of title of the purchased home during the applicable period of affordability, the County will recapture all or a portion of the direct subsidy provided to the homebuyer.

If there are no net proceeds from the voluntary or involuntary transfer, repayment is not required and HOME requirements are considered to be satisfied. The term net proceeds is defined as sales price less payment of any superior loan and special liens due thereunder, expenses of sale, and the value of the homebuyer's initial investment in the purchased home.

Direct subsidy is the amount of HOME assistance that enabled the homebuyer to purchase the home at an affordable price. It includes any HOME funds provided as down payment assistance, closing costs assistance, or direct financing to the buyer. If HOME funds were used for the cost of developing a home which is sold below fair market value, direct subsidy also includes the difference between the fair market value and the purchase price.

Direct subsidy will be in the form of a deferred loan or loans, each secured by a promissory note and mortgage. The loan(s) will be forgiven pro rata, in equal monthly increments over the period of affordability, as set out in the promissory note(s), mortgage(s) and required HOME written agreement(s) (collectively, the loan documents) as long as the home remains the principal residence of the homebuyer and no other events of default, as are also set out in the loan documents, occur.

The HOME program establishes the following period of affordability based upon the amount of assistance (direct subsidy) provided to the homebuyer:

- Direct subsidy of Under \$15,000 will be forgiven in equal amounts on a monthly basis over a period of 5 years
  - Direct subsidy of \$15,000-\$40,000 will be forgiven in equal amounts on a monthly basis over a period of 10 years
  - Direct Subsidy of Over \$40,000 will be forgiven in equal amounts on a monthly basis over a period of 15 years
3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

The HOME program establishes the following period of affordability based upon the amount of assistance (direct subsidy) provided to the homebuyer:

- Direct subsidy of Under \$15,000 will be forgiven in equal amounts on a monthly basis over a period of 5 years
- Direct subsidy of \$15,000-\$40,000 will be forgiven in equal amounts on a monthly basis over a period of 10 years
- Direct subsidy of Over \$40,000 will be forgiven in equal amounts on a monthly basis over a period of 15 years

If the homebuyer ceases to occupy the home; leases the home; converts the home to non-residential use; or should the home be destroyed by fire or other cause; or should the homebuyer refinance the first mortgage for any purpose other than 1) reducing the interest rate and/or 2) reducing the term of the mortgage; or “cash out” equity in the home, the homebuyer will be required to repay the County the entire amount of direct HOME-assistance provided.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

The County does not intend to use HOME funds to refinance existing debt secured by multifamily housing that is being rehabilitated with HOME funds. In addition, the funds will not be used to refinance multifamily loans made or insured by any federal program. The County is aware that HOME funds cannot be used to refinance multifamily loans made or insured by any federal program, including CDBG.

Therefore, the County will accept comments from June 19 until July 6, 2017. Comments or suggestions concerning the Plan are to be submitted in writing by this date to the John Wainwright, County Administrator, Mobile County Commission, P. O. Box 663, Mobile, AL 36683. The public hearing will be accessible to all in attendance. If you have the ability, which may require special methods or assistance for the public hearing please notify the County at (251) 574-5086 at least 4 working days prior to the hearing. RE: Certification Relating to the Urban County Grant  
Application

Dear Commissioner Ludgood:

Urban County grant applications require certification that the County has adopted policies which:

- (1) Prohibit the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
- (2) Enforce applicable state and local laws which prohibit physically barring entrance to or exit from a facility or location which is the subject of any such non-violent civil rights demonstrations within its jurisdiction.

As you know, Mobile County has no law enforcement authority whatsoever; law enforcement is entrusted to the Sheriff of Mobile County, a constitutional officer.

The County has no authority over the Sheriff's operations. Additionally, each of the municipalities within Mobile County maintains its own law enforcement agency over which the County has no authority. These law enforcement agencies have standard operating procedures that govern the use of excessive force.

The County's authority under Alabama law is prescribed by statute. The County cannot lawfully undertake a function, absent specific statutory authority.

For the reasons set out herein, this certification does not apply to Mobile County.

Sincerely,

  
MARTHA E. DURANT  
Chief Staff Attorney

### Specific CDBG Certifications

The Entitlement Community certifies that:

**Citizen Participation** --It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

**Community Development Plan** --Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

**Following a Plan** --It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

**Use of Funds** --It has complied with the following criteria:

1 **Maximum Feasible Priority.** With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);

2 **Overall Benefit.** The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) , 2015, 2016, 2017 (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;

3 **Special Assessments.** It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

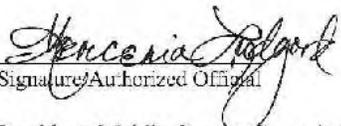

**Excessive Force** --It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and
2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

## APPENDIX TO CERTIFICATIONS

### INSTRUCTIONS CONCERNING LOBBYING AND DRUG-FREE WORKPLACE REQUIREMENTS:

#### A. Lobbying Certification

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

#### B. Drug-Free Workplace Certification

1 By signing and/or submitting this application or grant agreement, the grantee is providing the certification.

2 The certification is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, HUD, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.

3 Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.

4 Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio stations).

5 If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph three).

6 The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:
